

Email Campaign Delivery & Engagement Report

Executive Summary

This report presents the performance of the recent email campaign. The campaign achieved strong delivery and maintained a clean sender reputation with zero spam complaints. Engagement levels were limited, highlighting opportunities to improve content and call-to-action effectiveness.

Key Results Overview

Metric	Value
Emails Sent	459
Delivered	408
Opened	100
Clicked	0
Bounced	55
Complaints	0

Status Explanation

- Sent:** Emails successfully triggered by the system.
- Delivered:** Emails accepted by recipient mail servers and placed in inbox or spam folder.
- Opened:** Emails opened by recipients (tracked via open pixel).
- Clicked:** Recipients who clicked at least one link inside the email.
- Bounced:** Emails rejected by recipient servers due to invalid or unavailable addresses.
- Complained:** Recipients who marked the email as spam.

Key Performance Indicators

- Delivery Rate: 88.9%
- Bounce Rate: 12.0%
- Open Rate: 24.5%
- Click-Through Rate (CTR): 0%
- Spam Complaint Rate: 0%

Conclusion

The email campaign demonstrates a reliable technical setup and good inbox placement. The absence of clicks indicates that future campaigns should focus on improving content relevance, call-to-action visibility, and audience targeting to drive engagement.
